

Stay Safe this Winter

FIRE SAFETY DURING WINTER STORMS

- * **Stay aware of winter weather.**
- * **Stay away from downed power lines.**
- * **Be ready if the heat stops working.**
- * **Use generators outdoors. Away from windows.**
- * **Make sure to have a carbon monoxide detector.**
- * **Keep anything that can burn 3 feet away from heat sources.**

There are more home fires in Winter than in any other season.

More than half of all home heating fires happen in December, January and February.

Electric space heaters account for nearly half of all space heater fires.

Turn off portable heaters when you leave the room or go to bed.
